Cracker Barrel meets TED Talks
Barry Nehr Classroom
TED Talks are short, informative talks on a wide variety of topics. One speaker from each school represented will have 15 minutes to share an idea, strategy, concern, challenge, success, technology, proposal, or vision related to forest technology education in the 21st century. Only 5 minutes will be allowed for questions, but the presentations will serve as a basis for informal discussion during the remainder of the conference and beyond.
